## ABOUT US

TUFCOR is one of the top most providers of innovative and high quality Abrasives and power tools and a wide range of other technically advanced tools to clients from these industries and background. The company has been at the forefront of delivering top-tire tools that vaunt of high-quality and standards. Our products are duly tested for reliability, durability and performances, which further enable us to offer the best working experience to all our clients.

## WHY US ?

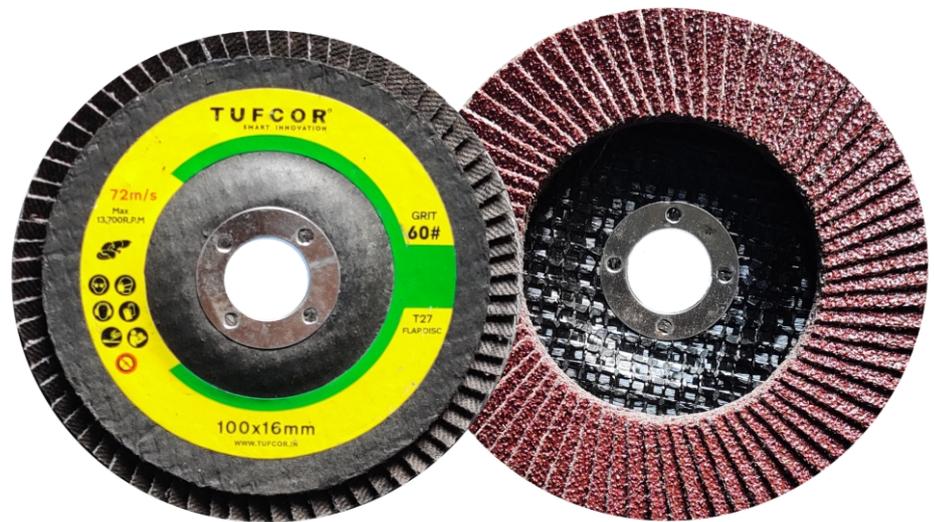

The company takes pronounced pride in supplying genuine and best quality products through its extensive network of suppliers . Over 150 distributors /dealers across India. The company has emerged as the fastest growing market leader in supplying world class abrasives and power tools and more all over India.

With 20 years of experience we are committed to providing vendors with a variety of products that further allow them to fulfil the market demands efficiently.

## FLAP DISC

These discs are made by coating aluminum oxide grains over a cloth backing to form a fan like configuration, thus creating a long lasting disc. These are used for blending and applying finishing touches to edges and treating flat and mildly contoured surfaces, cleaning of alloys etc. It is selected from advanced techniques and excellent material, as well as excellent soft and high grinding efficiency. It is specific to grind for curve and all types surfaces. And it is much more easily machining, as well as more safe and fast in grinding.

## FLAP DISC

SIZE	GRIT	RPM	PCS/CTN
100*16mm	36# - 120# -A	15200	200
125*22mm	36# - 120# -A	15200	180
180*22mm	60# & #80 - A	15200	80

# EXCEPTIONAL CUTTING PERFORMANCE

## Super thin Cut-off wheels

- Superior quality cutting wheels.
- For all type of metal cutting.
- Best quality performance.
- Cuts without burr and with extremely low metal loss.
- This cut-off wheel is made from selected high-quality abrasive and is reinforced by one fiberglass, which give it anti-shock strength and resistance to bending.

## TUFCOR GREEN

### Cutting Wheels

SIZE	NET	SPECIFICATION	SPEED M/S	RPM	PCS/CTN
107*1.2*16mm	1	WA60	80	15200	800
